HOW TO CREATE AND MAINTAIN
INTERORGANIZATIONAL
COLLABORATIONS
AND COALITIONS

Beth Rosenthal, M.S.

Terry Mizrahi, Ph.D

Education Center for Community Organizing
at Hunter College School of Social Work

© 1994

10 year anniversary issue

■ **Terry Mizrani, PhD, MSW** is a professor at Hunter College School of Social Work, and the Director of the Education Center for Community Organizing (ECCO), a resource for activists www.hunter.cuny.edu/socwk/ecco. She is the author of many articles, books and research related to community organizing, planning, coalition-building, interdisciplinary collaboration, health advocacy and health policy. She is a founder of the Journal of Community Practice, and past president of the National Association of Social Workers.

■ **Beth Rosenthal, MS**, has over twenty years experience enhancing collaborations and mission-driven non-profits. Her consulting firm, Collaboration and Change, builds capacity for advocacy, strategic partnerships, community planning and organizing, and organizational development. She teaches at New York University's Wagner School of Public Service, and is an associate of NYU's Research Center for Leadership in Action. Her publications include applied research studies, articles and workbooks.

WORKSHOPS AND CONSULTATION

Collaboration and Change offers customized technical assistance, coaching, planning, staffing assistance and project management to enhance the capacity of collaborations. With *The Education Center for Community Organizing*, we provide a variety of experiential workshops on collaboration to apply and deepen understanding of the concepts in this workbook. CONTACT: 212 673-9118.

- Managing Dynamic Tensions
- Successful Collaborations and Coalitions

are grounded in over ten years of original research on coalitions, a comprehensive literature review, and practice wisdom from service providers, academics and activists who lead effective coalitions and collaborations.

CONTENTS

19 chapters designed for easy use in training or study groups. Includes worksheets and review questions.

■ Membership ■ Structure ■ Goals & Strategies

Developmental Stages ■ Fundraising ■ Leadership

■ Managing Dynamic Tensions ■

■ Success ■ Evaluation ■

and more

The Education Center for Community Organizing (ECCO) has created a space within academia where it is legitimate to discuss, evaluate, and learn about social change work... ECCO has broken new ground in coalition research... Their in-depth study of coalitions may be the only empirical study of its kind, and as such, is quite valuable to activists.
